

PMR Accessibility Path

University Pool "Les Océanateurs", Nancy

GEOGRAPHICAL LOCATION

Location

📍 32 rue de Verdun, 54000 NANCY (Campus Lettres / Boudonville district).

Topography: Please note, the rue de Verdun and the surrounding area have a fairly marked **slope (gradient)**.

Transport and Parking

● By car (Most recommended for PRMs):

- Presence of **reserved CMI parking spaces** in the University Sports Complex parking lot (access by badge or barrier upon request/SUAPS authorization).
- Parking on rue de Verdun itself is difficult and on standard unmanaged roadside close to the entrance.

● By public transport (Stan network):

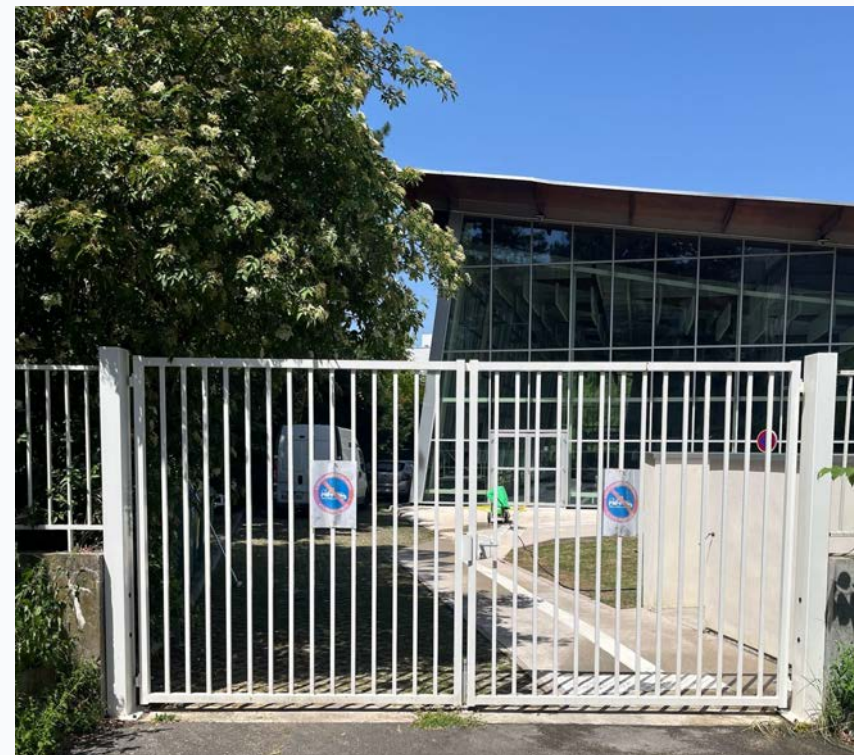

- STOP *Campus lettres*. **Caution:** The remaining walk between the bus stop and the pool (approx. 200m) is uphill.
- STAN STOP Cavallier. **Caution:** : The remaining walk between the bus stop and the pool (approx. 270m) is downhill.
- STOP Cité universitaire. **Caution:** The remaining walk between the bus stop and the pool (approx. 290m) is downhill.

MY ARRIVAL AT THE SPORTS COMPLEX

Upon arrival, **please report to the gate** by calling the facility at the number indicated:

03 72 74 06 27

A staff member will come to welcome you personally to facilitate your access.

PARKING

Reserved Spaces (CMI)

Reserved parking spaces are located in **immediate proximity** to the main entrance to limit travel distance.

-  Direct access to the pedestrian pathway
-  Secure and marked zone
-  Dimensions comply with PRM standards

University Pool "Les Océanauts", Nancy

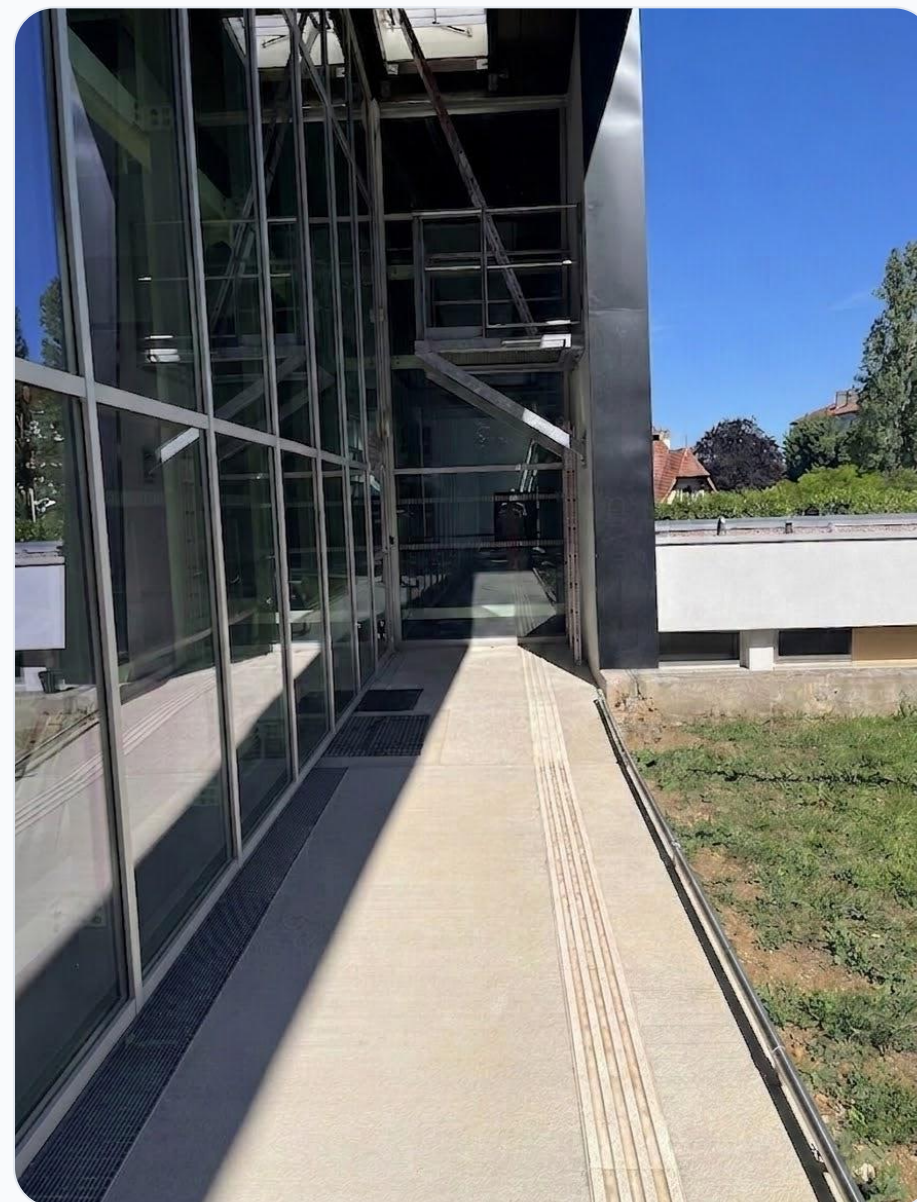

ENTRANCE ACCESS

A smooth path

Stable path

Designed to be completely flat and stable, facilitating movement for independent or accompanied wheelchair users.

University Pool "Les Océanauts", Nancy

ENTRANCE AND TRANSITION

Personalized welcome

Once through the door, you enter the transition zone. The agent guides you to the changing rooms. You should provide a waterproof cover before arriving if you wish to shower with your personal wheelchair. If this is not the case, we will transfer you to a pool wheelchair.

1. Pool entrance

2. Transition zone

Possible wheelchair exchange

3. Arrival at changing rooms

CHANGING AREAS

Adapted Cabins

Specific cabins (red doors) offer the necessary space for comfortable changing in a wheelchair.

Accompaniment

The agent remains at your disposal outside the cabins if assistance is required.

HYGIENE AND SANITATION

Showers

Accessible with personal wheelchair. Ergonomic and spacious design, including folding seat and grab bar.

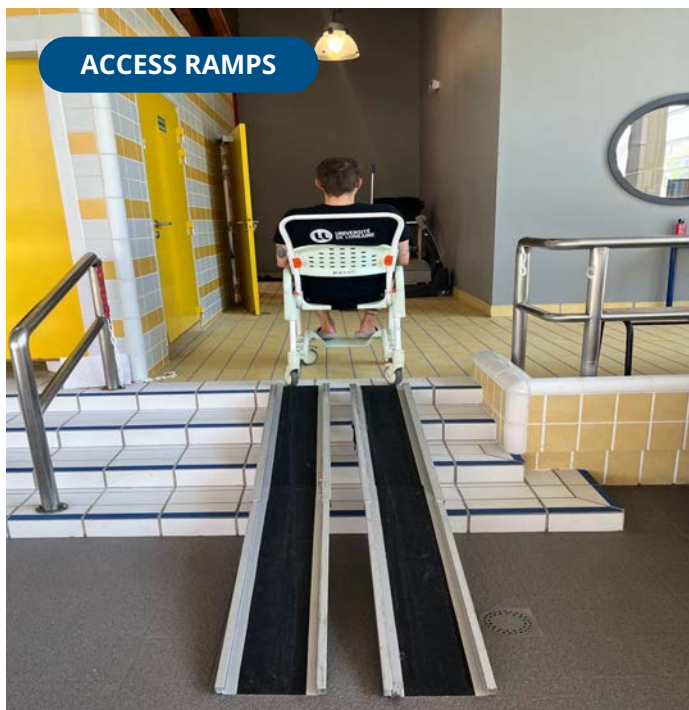

Toilets

Accessible *only with the pool wheelchair*. Ergonomic and spacious design, including a grab bar.

POOL ACCESS

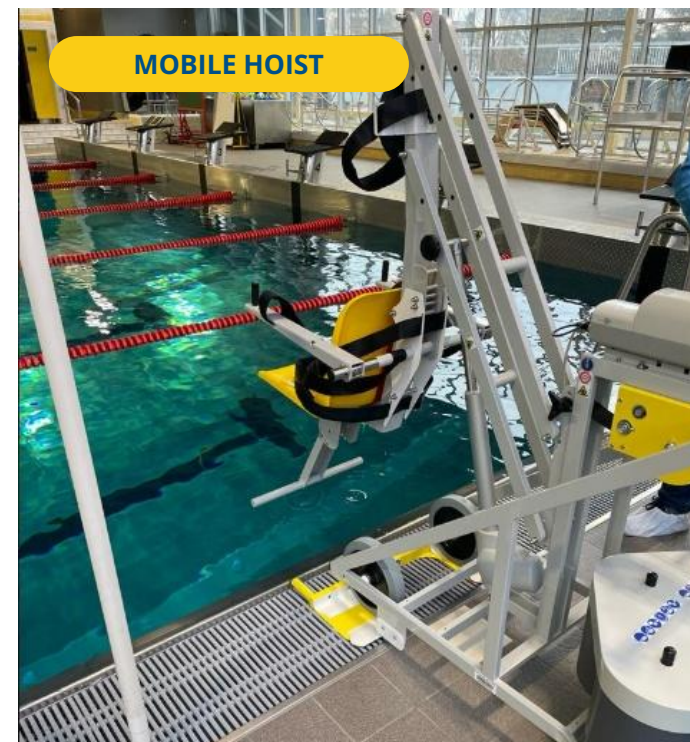

Water entry solutions

Access to the pool is facilitated by adapted installations. Human assistance can be offered to go down the stairs and enter the water without a device, if the use of lower limbs is possible.

Path to the water

Accompanied and secured route by staff members

On request

Water entry device operated by our staff.
